WEB DEVELOPMENT : Html,Css,Java Script,Php,React **UI/UX** : Figma

DEVELOPER TOOLS : Github ,VS Code **PROGRAMMING LANGUAGES** : Python

Experience

MCR WEB SOLUTIONS / Project Intern

JAN 2022 - DEC 2022, BHIMAVARAM

Managed the Ecommerce Open Cart platform for a renowned pickles shop in Bhimavaram during my internship at MCR Web Solutions, updating product listings, pricing, and promotions. Also, designed visually appealing banners, enhanced site functionality with HTML, CSS, and JavaScript, and collaborated effectively with cross-functional teams to align design and functionality with strategic objectives.

BHIMAVARAM ONLINE / Ecommerce Intern

JAN 2022 - SEP 2022, BHIMAVARAM

As an Ecommerce Intern at BHIMAVARAM ONLINE, an ONDC-enabled platform, I played a pivotal role in enhancing user engagement by leading the design of app banners and managing operations for designated stores. These experiences honed my skills in design, organization, and customer service within the dynamic realm of ecommerce.

Edtech Start-Up / Team Member

DEC 2021 - MAY 2022, BHIMAVARAM

Collaborated with a team of five members to establish and operate an EdTech startup. Successfully promoted the idea within our college community, with several residents of adjacent apartments joining our initiative. Managed time-shifted tutoring sessions, dedicating one hour per student. Generated significant revenue through our innovative approach to education.

Course Work Subjects

Design Thinking, DBMS, Full Stack Web Development, UI/UX, Game Development, Linux Administration

Strengths

Creativity, Open-mindedness, Communication, Team Player
Determination

Education

Kommareddy High School / Secondary Education

2017 - 2019

Remarkable 10 CGPA in secondary education

Sri Chaitanya JR College / Intermediate

2019 - 2021

Completed intermediate level with 96.2 Percentage.

SRKR Engineering College / B.tech (CSD)

2021 - 2025

Currently pursuing B.Tech degree.

Projects

[BO LUNCH BOX](#)

Developed a software solution for BO Lunch Box that notifies parents about lunch pick-up, provides live location tracking, and confirms delivery at school, ensuring fresh, nutritious meals for students.

[TAKEHIRO](#)

Designed the TAKEHIRO app, prioritizing safety and convenience, with intuitive interfaces and user-centric features aimed at ensuring secure and punctual transportation experiences.

[TIC TAC TOE](#)

Created a space-themed Tic-Tac-Toe Game with dark mode using HTML, CSS, and JavaScript, featuring dynamic turn indicators and smooth animations for an engaging experience.

[AYUSH DR.CAFE](#)

Crafted a seamless static website for an organic restaurant in Bhimavaram, showcasing menu, products, location, and contact details, effectively promoting the restaurant's offerings.

Achievements

[PRAJWALAN 2K23](#)

Achieved 2nd place at Prajwalan 2K23 national hackathon, winning ₹10,000 for our team's innovative software solution in the intense 24-hour competition.

[STARTATHON](#)

Recognized for startup success at Startathon, securing funding and mentorship after pitching to angel investors alongside leading institutions like IIT Madras and Wadhvani Foundation.

[START-UP EXPO](#)

Secured winning position at NIT AP Startup Expo with innovative solutions, gaining valuable insights into entrepreneurship and innovation.
